

Group Benefits

Issue 20
Fall 2019

NEW PROBENEFITS BENEFIT CARDS!!!!

In October, all members who have group coverage with ProBenefits Inc. will receive new benefit cards. Cards will be mailed to the plan administrator by October 18, 2019. Please contact our office, if there are any missing or have incorrect spelling and we will re-issue new ones.

FollowMe Health Plans

When group benefit coverage ends, employees can be surprised at the costs of health/dental and vision expenses. A FollowMe plan helps maintain these costs.

They can apply at any age and keep the plan for as long as they choose. Coverage is guaranteed with no medical questionnaire when they apply and pay the first premium within 90 days of the employee benefits ending.

THE **Great-West Life** *Name Change* **canada life** ASSURANCE COMPANY

In 2019, you'll hear about the name change in the media and through regular communications from us. But you won't see any physical changes yet to your group benefits plan materials.

In 2020, you'll start to see materials and digital resources with the new **Canada Life** name and identity. However, this change to a new name is a big one and it will take a few years to complete.

2021, all old brands will disappear.

Throughout this process, we'll remain focused on what matters most - you and your employees. We will deliver quality service and support your needs.
